COTTON CHATS

DRAPER COMPANY

TRADE-MARK REG. U.S. PAT. OFF.

HOPEDALE, MASS.

NO. 140. JUNE, 1914.

At a meeting of the Directors of the Draper Company, held June first, the following was presented and unanimously adopted:

"*Having learned of the death of our old time friend and co-worker, George W. Knight;*

Resolved: That the Directors of Draper Company place on its records and send to his widow and family this expression of our deep regret and sympathy."

Mr. Knight became associated with the firm of George Draper and Son in 1869 and had been connected with the business continuously since that time. He was closely identified with the introduction of modern high speed spindles and was one of the best informed men in the country on the general subject of spindles and spinning.

Our record of 12,129 Northrop Looms shipped during the first six months of 1914 bears testimony as to their advantages.

Our orders from the following mills carried over from 1913 and received this year attest to the ability of the Northrop Loom to weave a variety of fabrics with a saving in labor and improvement in both quality and quantity of product.
